

Whygo's Corporate User booking system was purpose built for regular users

Whygo will provide you with your own branded online booking system for over 3000+ public video conferencing venues worldwide.

Benefits:

- Your own company branding
- Pre-loaded company details - no need to type them in each time you book
- Simple Calendar and Search booking features for easy booking management
- No scheduling fees
- Same real time availability in over 160+ major city locations
- Same instant confirmations - no more delays
- No more booking forms, faxes or countless phone calls

Booking has never been easier:

1. Simply log in
2. Select the centre you would like to book
3. Check availability
4. Book your designated videoconferencing suite
5. Receive an instant confirmation

*Only automated venues offer real time availability and instant confirmations. Bookings in non-automated venues will be actioned by our operation centres.
